**PVARC PIO REPORT
MARCH – APRIL 2022**

- > The March 5 VE session resulted in six new amateur radio licensees.
- > Our membership continues to grow as we gained two new members.
- > After recontesting several possible Field Day sites the Dubois County 4H Park was chosen. The other sites had RF issues and rental fees as obstacles.
- > The technical presentations for March was on using HF digital modes and for April understanding SWR.A
- > One of our newest members is now offering the use of his services for climbing towers and also using his drone.
