

PATOKA VALLEY

MATEUR RADIO CLUB

2025 PRESENTATION PROGRAM

We're bringing you a variety of informative and educational amateur radio presentations in 2025!

- 
- *Latest amateur radio developments*
 - *Interesting New Equipment*
 - *New Modes of Operation*
 - *Amateur Radio Software*
 - *Contest Operations*
 - *Hams Helping Hams*
 - *And More*

**Not only will we increase our
knowledge and understanding
of Amateur Radio**

We're also getting to know our members better & take a virtual tour of their stations!

We'll be leveraging our members wealth of knowledge in the field of Amateur Radio so we can ALL benefit!

- *Setting up Stations*
- *Constructing antennas*
- *Exploring New Modes*
- *Trying out new equipment*
- *Participating in contests*
- *Satellite Communications*

**Do you have to create a
PowerPoint presentation?**

NO

**Fill out a simple questionnaire and
provide photographs of your station**

**The presentation will be
created for you!**

**Or feel free to create your own
Powerpoint**

***Whatever works for you works
for us!***

Virtual Tour Questionnaire

To create your slides, you need to provide the following to gfritz@psci.net

1. Your amateur radio biography
2. Photograph of your station
3. List of your equipment
4. Photograph of your antenna(s)
5. Bands you typically operate on
6. Operating modes you enjoy using
7. What you enjoy most about amateur radio
8. Your major amateur radio accomplishments
9. Photograph of your achievements & awards
10. A photo of your prized QSL cards
